

## 1 WATER CHARGE

---

EUR

Charge for water supplied to vessels:

Water charge	<b>6.70/m<sup>3</sup></b>
Minimum charge	<b>62.00</b>

If the vessel wants water supply as overtime work, an overtime work charge in accordance with the service charges is charged for it. Fresh water ordered with a notice of less than 6 hours is subject to a 100 per cent surcharge.

In case the water supply is cancelled, but the cancellation has not been notified before those on duty have arrived at the quay at the ordered time, a minimum fee will be charged.

If Port of HaminaKotka Ltd's water meter breaks due to the operation of the vessel, e.g. freezing, the vessel is liable for compensation based on the incurred costs.

## 2 TEMPORARY ELECTRICITY

---

Temporary electricity is supplied in accordance with a separate agreement to be signed with Port of HaminaKotka Ltd. The electricity supply connection is intended for temporary repairs or maintenance.

Establishment and cost of temporary electricity are agreed separately in each individual case. The charge for energy consumed is **0.51** EUR/kWh. Minimum charge **100.00** EUR.

## 3 CLEANING CHARGE

---

An enterprise engaged in cargo handling is liable to clean all debris created by its operations and remove the waste created. Cleaning shall be performed without delay, considering other traffic and quay conditions. If Port of HaminaKotka Ltd is caused cleaning cost, it has a right to invoice the actual costs further to the enterprise which has operated the cargo.

## 4 RAIL CHARGE

---

The railway network can be operated by all rail operators who have concluded a railway network agreement with Port of HaminaKotka Ltd.
