

The port dues on goods imported or exported via the Port of HaminaKotka by sea are determined in accordance with the table below. For periods 1 January to 31 March 2025 and 15 December to 31 December 2025, a winter tariff raised by 10 per cent is charged. The winter tariff is applied to the port dues on goods, vessels, mooring and unmooring, and infrastructure. The unit prices raised in accordance with the winter tariff are calculated at an accuracy of three decimal places of the normal unit price.

PRICE CATEGORY	EUR/tonne
All goods carried through the Port with no specifically mentioned unit price	3.01
26,27,33,34 35,38,39,40, 41, 44	Dry bulk (except scrap metal) 1.40

	Other vehicles (not work machinery) over 5000 kg 18.03 EUR/each
	The minimum charge is 25.00 EUR.

2 GENERAL CONDITIONS

- 2.1 The port dues on goods imported or exported via the Port of HaminaKotka by sea shall be paid in accordance with the payment table of these service charges.
- 2.2 Unless there is a separate agreement, the person who has declared the goods for customs clearance, the Finnish owner of the goods, the ship's agent or the shipping company or the party responsible for the goods during transport is obliged to pay the port dues on goods. The party obliged to pay the port dues is also obliged to present to the Port of HaminaKotka Ltd the necessary information for charging the dues.
- The party issuing the terminal advice is responsible for the correctness of the payment information concerning the port dues on goods. A party issuing incorrect information in the terminal advice is charged **25.00 EUR** as additional invoicing costs.
- 2.3 The port dues are charged on the basis of gross weight unless otherwise stipulated in the tariff.
- 2.4 If liquid or dry transit bulk goods to be exported arrive on a vessel, the port dues on goods conforming to the tariff are charged upon arrival and half of the port dues on goods conforming to the tariff are charged upon departure, if the stevedoring operator is the one and the same company.
- 2.5 The following goods are exempt from the port dues on goods:
- Passengers' luggage
 - Containers, pallets and other transport bases which are used to facilitate transport and which are not independent merchant goods themselves
 - Fish and other catch caught by fishing vessels and products made from these on the vessels
 - Coastal transfer by the domestic shipbuilding industry
 - Supplies and food purchased for the own use of a vessel; however, not fuel transferred by water and directly from one vessel to another, or other goods.
- 2.6 The port dues shall be paid by the due date indicated on the invoice of Port of HaminaKotka Ltd. A collection charge of **25.00 EUR** and a penal interest in accordance with the Finnish Interest Act will be charged for the collection of overdue payments.
- 2.7 If the security level of the Port or a part of the Port needs to be elevated from the normal level (ISPS code level 1) for a reason caused by a consignment (or transport unit used for transporting the goods), the full costs resulting from elevating the security level are charged from that party who is liable to pay the port dues on goods.

RELATIONSHIP BETWEEN DUES TABLES APPLIED BY PORT OF HAMIANKOTKA LTD AND THE CN CODES
